

Acclivity Health's Unique Value to ACOs

A proven solution that listens to your needs, and configures analytics, workflows, and reporting to fit the way you work.

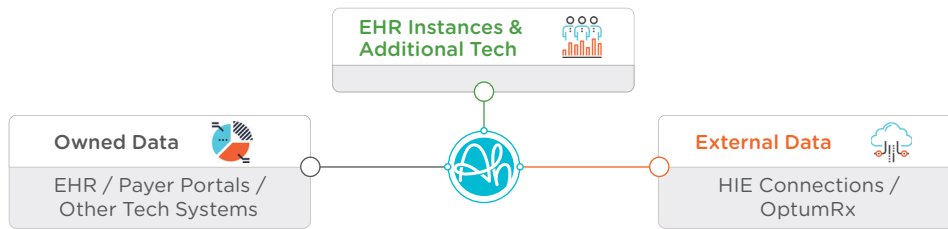

UNPARALLELED DATA AGGREGATION SPEED

3 Average number of days to live data for new clients.

7 Number of days for initial data process. (results may vary based on number of data sources)

2 Number of days for on-going data processing.

A CLOSER LOOK INTO ACCLIVITY CONNECT CARE PLATFORM: WEB-BASED ACCESS TO ACCLIVITY MODULES

IDENTIFY RISK FACTORS THAT OTHERS MISS

A focus on the seriously ill and chronically complex.

The 5% of patients making up over 50% of your cost/risk.

More focused and accurate prediction time frames.

Unlike others, we predict time frames of 3, 6, 9 months.

We use data independent of an organization's oasis & EMR.

Critical insights without waiting on traditional data sources.

We provide you with exclusive data and the right analytics.

- Risk Scoring
- Network Scoring
- Social Determinant Analytics
- Utilization Predictions
- John Hopkins ACG
- Future High-Cost/High-Needs Members

ACTIONABLE CONTRACT & NETWORK MANAGEMENT

- Easily uncover your top practices and providers
- Create programs that generate revenue but also cost saving
- Focus on key metrics that matter to ACO REACH and MSSP success
- See leakage and cost predictions in real-time
- Target list care management for providers
